

Intermediate/Advanced Competencies

300 points

You show me each item, I initial it completed. You don't have to do everything at once.

On the Photoshop competencies, do what is asked, don't flatten or save as jpeg, minimize and call me over after you have done a few. I need to see the layers to mark them complete. Use the methods I showed you in class.

Name _____ Period _____

PHOTOSHOP

_____ Basic file prep
